**The Bodgery - 740 Oscar Ave, Madison, WI 53704**

- 6:00 Doors open for Social Time
- 7:00 Meeting Begins
  - Bring a folding chair or lawn chair.
  - Bring wood or items for raffle table.
  - Bring Inside Out Turning for Challenge Table.

## President's Message —

BWT's temporary meeting location at the Bodgery worked well last month. The Board appreciates how many members showed up in person. A big thank goes to Bill Gannon, Dave Neudek, Jim Evans, Alex Zabel, Ris Fleming, Dennis Palmer and all the other members who contributed time to assist in making the meeting successful. We had approximately 54 members in person and 12 Zoom participants.

The March 16th Scoop class is the first time I taught in a classroom setting. Thanks to Rodney Bethel, for assisting and for all of those who attended. I hope you had a fun informative day!

Saying the Scoop class was my first classroom setting is a bit misleading, because recently I've been teaching thread chasing at my home to 3 participants at a time. We would like to grow this type of small group learning.

There has been confusion for some club members over the use of the word **mentors** during club meetings and differentiating the mentors who work with students and those who work with club members. To help clarify the difference we are going to use the term mentors when we are referring to working with students. The term Turning Tutor will refer to a member of the club helping another club member. We want to rebuild our website list of (Turning Tutors) of those who are comfortable sharing their skills with others! More information will come soon.

My heart goes out to Doug Fuson's family. Fortunately, our club had a successful sale to help disperse Doug's tools to people who will enjoy and use them. A thank you goes out to Jim Smith & Ris Fleming for coordinating and helping with the Bodgery interactions. Special thanks also goes out to the Bodgery and their team of volunteers who conducted the tours. Also, a thank you to all of the BWT members who made the day happen!

Continued

We are sad to announce that Doug Fuson passed away on Saturday March 16th, 2024. Doug was a valued member in the Badger Woodturners and The Bodgery. We ask you to keep his family in mind during this difficult time. Doug created beautiful wood turnings, shared his expertise through demonstrations and was integral to the club receiving 503C status.

BWT offers our sympathy to all who are impacted. Please express your compassion to the Fuson family.
